OVERVIEW

Over the past 6 years, I've worked with global brands, startups and creative agencies to develop elegant, engaging experiences on the web.

SKILLS

JavaScript, React, D3.js, Highcharts.js, Webpack, Gulp, APIs, HTML/CSS, SVG, Wordpress, PHP, Git, Sketch, Illustrator, Photoshop

EXPERIENCE

Self-Employed, New York, NY - *Freelance Web Developer*

MAY 2018 - PRESENT

- Working as a contractor in front-end development. Recent clients include The Wall Street Journal and Huge.

OppenheimerFunds, New York, NY - *Front-End Developer (Contract)*

MAY 2018 - APRIL 2019

- I worked on a development team embedded within the digital design team to craft interactive web experiences.
- I also worked with the optimization team to develop A/B tests to improve UX across OppenheimerFunds.com.

The Wall Street Journal, New York, NY - *Lead Developer*

SEPTEMBER 2015 - MAY 2018

- Responsible for leading a dev team to build and launch the Wall Street Journal's marketing presence on the web. Tasks include organizing daily stand-ups, scoping projects, developing team best practices, QA, and collaborating with designers, project managers, copywriters and creative directors. Worked in-house with marketing and technical teams on all projects.

Outer Places, New York, NY- *Web Developer*

OCTOBER 2014 - MONTH 2015

- Collaborated with design, editorial, SEO and marketing teams to build and launch the redesign of Outerplaces.com. Maintained, optimized and expanded the front/back-end of the site based on editorial and business needs.

SMAKK Studios, Brooklyn, NY- *Web Developer (Contract)*

AUGUST 2014 - SEPTEMBER 2014

- Front-end/CMS theme development for a client

EDUCATION

Iona College, New Rochelle, NY - *Bachelor's Degree in Mass Communications*

AUGUST 2005 - MAY 2009

General Assembly, New York, NY - *Web Development Immersive*

FEBRUARY 2014 - MAY 2014

- I completed General Assembly's 3-month intensive program learning Ruby on Rails full stack web development.
